

Rear Panel Module - Pin Board

SKU: GB-RPM-PB

Features & Benefits

- ◆ Requires rear accessory rails for installation
- ◆ Part of a flexible track system for adding/removing modules
- ◆ **Compatible with other modules:** louvre panel, pin board, parts storage, and tool panel
- ◆ Enhances organisation of documents, notes, and small items
- ◆ Provides customisable storage solutions for maximum flexibility
- ◆ Ideal for improving workspace efficiency and functionality

About the Rear Panel Module - Pin Board

The Rear Panel Modules – Pin Board is an essential addition to any workspace, offering a practical solution for organising documents, notes, and small items.

With a size of 470mm x 470mm, this pin board seamlessly slides onto **required rear accessory rails**, providing easy access and flexibility.

The unique track system allows modules, including the louvre panel, parts storage, and tool panel, to be added or removed as needed, giving operators maximum flexibility.

Perfect for keeping important materials organised and within reach, the Pin Board enhances workspace functionality and efficiency.
