About the Regular Fit Workforce Polo - 8 COLOURS

The Kustom Kit Regular Fit Workforce Polo is a versatile everyday essential for workwear, team uniforms and smart-casual dressing. Designed in a men’s regular fit and available in eight colours, it makes it easy to create a coordinated look that suits your company branding or personal style.

A 1x1 rib-knit collar and straight two-button placket provide a neat, classic finish, while self-fabric tape at the back neck adds a comfortable finishing detail. Twin-needle stitching at the hem and cuffs completes the design, and the Kustom Kit® tear-out label allows easy removal of the original label.

Available in sizes XS–5XL, with a fabric weight of 200g/m^2, this polo offers a broad size range for outfitting your team. A coordinating ladies’ style, KK722, is also available to help create a consistent uniform across your workforce.
