- ◆ Use with de-ionised water for optimal cleaning
- ◆ Compact size (W 55mm x L 75mm x H 12mm when expanded)

About the Replacement Tip Cleaning Sponges (Pack of 10)

Ensure your soldering iron tips remain clean and efficient with the Replacement Tip Cleaning Sponges (Pack of 10).

Regularly replacing your sponge is crucial, as old sponges can break up and potentially stick to the hot solder tip.

These sponges fit most common solder tip holders and are designed to be used with a small amount of de-ionised water to maintain optimal cleaning performance. With a compact size of W 55mm x L 75mm x H 12mm when expanded, these sponges are the ideal solution for keeping your tips in excellent condition.
