

SKY S3L FO SC SR ESD Safety Shoe

SKU: GS-SKY

Features & Benefits

- ◆ **Low safety shoe** made from durable MICRO-tech fabric (1.8-2.0 mm thickness)
- ◆ **TPU toe cap** for excellent abrasion resistance
- ◆ **GIASCO heel with 3PU patented technology** for enhanced stability, comfort, and lightness
- ◆ **Soft, lined, and padded tongue** for added comfort
- ◆ **CLICK OPEN lacing system** for quick and secure fit
- ◆ **Flexible PL midsole** with antiperforation composite fabric
- ◆ **3Cloud sole** made of three-density polyurethane for shock absorption, slip resistance, and hydrolysis resistance
- ◆ **Hydrocarbon, abrasion, and slip resistance** for enhanced durability

About the SKY S3L FO SC SR ESD Safety Shoe

The SKY S3L FO SC SR Giasco ESD safety shoe is built for durability, comfort, and protection in demanding environments. Made from high-performance MICRO-tech technical fabric (1.8-2.0 mm thickness), this low safety shoe features a TPU toe cap for added abrasion resistance.

The GIASCO heel with 3PU patented technology enhances stability, comfort, and lightness. Equipped with a soft, lined, and padded tongue, along with the innovative CLICK OPEN lacing system, the shoe provides an easy and secure fit.

The 200J polymeric composite toecap and flexible PL midsole ensure reliable protection, while the 3Cloud sole offers excellent shock absorption, slip resistance, and protection against hydrocarbons and abrasion.

Specifications

Property	Detail
Toecap	200J polymeric composite toecap for impact protection
Insole	DryGo!® for moisture management, antibacterial properties, and ESD compliance
ESD Class	Yes (IEC 61340-4-3:2017)
Sizes	36-47
Application	ESD-protected areas, electronics mfg, cleanrooms
