

SMD 14" Component Reel Holder ESD

SKU: 109-102

Features & Benefits

- ◆ Easily store SMD reeled components on a shelf for easy access.
- ◆ Holds up to **26 x 14" (360mm) reels**, providing ample storage space.
- ◆ Manufactured from black conductive polypropylene for ESD protection.
- ◆ ESD-safe design to protect sensitive components from static.
- ◆ **2mm thick walls** for durability and secure reel storage.

About the SMD 14" Component Reel Holder ESD

The 14" SMD Component Reel Holder is a high-quality solution for storing your SMD components safely and efficiently.

Designed to hold up to **26 x 14" (360mm) SMD reels**, this ESD-safe storage unit ensures your sensitive components remain protected from static damage.

Constructed from durable black conductive polypropylene, the holder is specifically designed for use with ESD sensitive components, making it ideal for electronics manufacturing environments.

With **external dimensions of 550 x 350 x 175mm** (L x W x H), it provides ample space for easy and organised storage on a shelf. The holder's 2mm thick walls offer added strength and stability, ensuring your reels are securely held in place.

Specifications

Property	Detail
Dimensions	550 x 350 x 175mm
Application	ESD-protected areas, electronics mfg, cleanrooms
