

# SMD BRASS Splice Clips 4000 Pieces/Box

SKU: G-SC-01

## Features & Benefits

- ◆ Box contains 4000 brass splice clips
- ◆ Specifically designed for joining SMT component tape reels
- ◆ Works with splicing tools for secure and accurate connections
- ◆ Made from durable brass for long-lasting performance
- ◆ Ideal for use in high-volume automated assembly lines
- ◆ Ensures smooth, uninterrupted production flow

## About the SMD BRASS Splice Clips 4000 Pieces/Box

These high-quality SMD Brass Splice Clips are designed to securely join SMT (Surface-Mount Technology) component tape reels when used with splicing tools.

Ideal for automated production lines, they ensure precise and reliable connections between tape reels, preventing disruptions in the assembly process.

With 4000 clips per box, they offer excellent value and are perfect for high-volume production environments.
