

SMD Brass Splice Clips on Frame 4000 Pieces/Box

SKU: G-SC-02

Features & Benefits

- ◆ 4000 brass splice clips per box
- ◆ Sharp-edged design for secure carrier tape joining
- ◆ Compatible with all tape types and widths
- ◆ Supplied on a frame for ease of use
- ◆ Ideal for high-volume and automated SMT production
- ◆ Ensures strong, precise joins with minimal disruption
- ◆ Featuring sharp edges for reliable attachment, these clips ensure precise and durable connections, making them ideal for high-volume, automated SMT assembly

About the SMD Brass Splice Clips on Frame 4000 Pieces/Box

The SMD Brass Splice Clips on Frame (4000 Pieces/Box) are high-quality brass shims designed to securely join SMT carrier tapes of any type or width.

Featuring sharp edges for reliable attachment, these clips ensure precise and durable connections, making them ideal for high-volume, automated SMT assembly.

Supplied on a frame for easy handling and quick application, they support efficient reel joining and minimise production downtime.

Compatible with:

- SMT Stapler Splice Tool
