

## SMD Cover Extender/Feeder Tape (250-500 Pieces)

SKU: G-TFT | Sizes: 8mm (Size 5x396mm) for 8 & 12mm / 500pcs/box, 12mm (Size 6x396mm) / 500pcs/box, 16mm (Size 9x396mm) / 500pcs/box, 24mm (Size 18x396mm) / 250pcs/box

### Features & Benefits

- ◆ Provides an additional 500mm of tape as a leader, reducing wastage
- ◆ Extends component cover tape for easy loading onto feeders
- ◆ Suitable for use with all major SMD pick-and-place feeders
- ◆ Available in quantities of 250-500 pieces
- ◆ Helps maintain smooth, continuous feeding during SMT assembly

### About the SMD Cover Extender/Feeder Tape (250-500 Pieces)

**The SMD Cover Extender/Feeder Tape provides an additional 500mm of tape to facilitate easy loading onto feeders, reducing component wastage and improving efficiency.**

This extender is perfect for extending the cover tape of SMD (Surface-Mount Device) reels, ensuring smooth, uninterrupted feeding onto pick-and-place machines.

Compatible with all major SMD feeders, it's a cost-effective solution for maintaining a steady workflow while minimising waste during assembly.
