

STANDARD ESD Lab Jackets (White)

SKU: G-LJW | Sizes: S, M, L, XL, 2XL, 3XL

Features & Benefits

- ◆ **White in Colour** – Classic white colour, perfect for maintaining a professional appearance in any laboratory or production environment.
- ◆ **Static Dissipative Fabric** – Constructed from 63% polyester, 34% cotton, and 3% conductive fibre, which ensures static dissipation to prevent damage to sensitive electronic equipment.
- ◆ **Lightweight & Comfortable** – Designed for comfort, these jackets are lightweight and breathable, allowing all-day wear without sacrificing protection.
- ◆ **Practical Design** – Features **3 pockets** for easy storage of tools, personal items, or instruments while working.
- ◆ **ESD Warning Symbol** – Clearly visible ESD warning symbol on the breast pocket, ensuring compliance with ESD safety standards and providing visibility to all staff.
- ◆ **Custom Embroidery Available** – Personalise your lab jackets with your company logo or custom text. **Contact us for more information on embroidery options.**

About the STANDARD ESD Lab Jackets (White)

Quality White ESD Lab Jackets – Static Dissipative for ESD Protected Areas

These ESD Lab Jackets are specifically designed for use in ESD-sensitive environments, offering superior protection against electrostatic discharge. Manufactured with static dissipative materials, they ensure the safety of electronic components and sensitive devices. Comfortable, practical, and compliant with industry standards, these jackets are ideal for environments where ESD protection is crucial.

Custom Company/Logo Embroidery available, please ask for details

Specifications:

- **Material Composition:** 63% Polyester, 34% Cotton, 3% Conductive Fibre
- **Colour:** White
- **Weight:** Lightweight and comfortable for extended wear
- **Pockets:** 3 pockets for storing essentials
- **ESD Warning Symbol:** Attached to the breast pocket for visibility
- **Custom Embroidery:** Available upon request (company logos or names)
- **Machine Washable:** Washable up to 40°C for easy care
- **Sizes:** Available in various sizes (**please check for availability**)

These Quality White ESD Lab Jackets provide optimal protection against electrostatic discharge, while ensuring comfort and functionality for your team. Designed with static dissipative materials, they offer compliance with industry standards and are perfect for any ESD-sensitive work areas. The custom embroidery option allows you to personalise each jacket, making it a perfect solution for laboratories, electronics production, and any environment requiring ESD protection.

Surface resistance is held within the $10^6 < R_s < 10^8 \Omega$ range, with volumetric (permeability) resistance at $R_v < 10^7 \Omega$, ensuring continuous static dissipation throughout the working day.

Specifications

Property	Detail
ESD Protective Fabric	63% polyester, 34% cotton, and 3% conductive fibre
IEC Standard	IEC 61340-5-1 compliant (ESD clothing for EPAs)
ANSI Standard	ANSI/ESD S20.20 compliant (static control)
Machine Washable	Yes — up to 40°C for at least 50 cycles

STANDARD ESD Lab Jackets (White)

SIZE GUIDE & WASHING INSTRUCTIONS

Care & Washing Instructions

In order to preserve the long life of ESD clothing, you are advised to use industrial laundries who can provide controlled, documented washing procedures and environment.

- ◆ **MACHINE WASHABLE** — in cold or not warmer than 40°C (104°F) lukewarm water with neutral liquid detergent.
- ◆ **DO NOT USE** — detergent or fabric softeners containing bleach or chlorine, or any other form of alkalis or acids.
- ◆ **DO NOT TUMBLE DRY** — dry in the open air.
- ◆ **DOES NOT REQUIRE IRONING** — but if necessary the maximum temperature is 110°C (230°F) or lower.
- ◆ **DRY CLEANABLE** — with any solvent except Trichloroethylene.
