

Semi Flush ESD Side Cutter 115mm

SKU: G-HT-C31

Features & Benefits

- ◆ **ESD Safe:** Protects sensitive electronic components from electrostatic discharge.
- ◆ **55° Angled Head:** Provides enhanced access and precision in tight or hard-to-reach areas.
- ◆ **Semi Flush Cutter:** Delivers clean, semi-flush cuts for a smooth, professional finish.
- ◆ **Laser Cut Design:** Ensures high precision and durability for long-lasting performance.
- ◆ **Cutting Edge Hardness (62 HRC):** Offers a sharp, durable cutting edge for consistent cutting results.
- ◆ **C70 Hardened Steel:** High-quality steel for strength, reliability, and long-term performance.
- ◆ **Bi-Component Handles:** Ergonomically designed with supersoft grips to reduce hand fatigue and provide maximum comfort during extended use.
- ◆ Featuring a 55° angled head and supersoft bi-component handle grips, this side cutter offers exceptional comfort and control for detailed tasks

About the Semi Flush ESD Side Cutter 115mm

The Semi Flush ESD Side Cutter 115mm is an essential tool for precision cutting in ESD-sensitive environments.

Featuring a 55° angled head and supersoft bi-component handle grips, this side cutter offers exceptional comfort and control for detailed tasks.

With a 0.8mm cutting capacity for copper wire, it provides clean, semi-flush cuts, making it perfect for delicate electronics work.

Built with C70 hardened steel and a cutting edge hardness of 62 HRC, it ensures durability and long-lasting sharpness, while the laser cut design guarantees precision in every cut.

Specifications

Property	Detail
Cutting Capacity	0.8mm
Tool Length	115mm
Application	ESD-protected areas, electronics mfg, cleanrooms
