- ◆ Improves workspace organisation and cable safety
- ◆ Perfect for industrial, office, and commercial environments
- ◆ Featuring a three-compartment extrusion, this module is available in both PVC and aluminium materials to cater to different needs

### About the Service Panel (rear post fixing) - 1500mm

**The Service Panel Module (1500mm) is an ideal solution for organising and managing power and data cables in your workspace.** Featuring a three-compartment extrusion, this module is available in both PVC and aluminium materials to cater to different needs. It ensures cables are securely organised and easily accessible, helping maintain a tidy and efficient work environment.

**The Service Panel requires rear support posts for mounting**, providing stable installation and enhancing overall cable management in industrial, office, or commercial settings.
