- ◆ Requires rear support posts for secure mounting
- ◆ Enhances workspace organisation and cable safety
- ◆ Ideal for industrial, office, and commercial environments
- ◆ Featuring a three-compartment extrusion, it is available in both PVC and aluminium options to suit different needs

About the Service Panel (rear post fixing) - 1800mm

The Service Panel Module (1800mm) offers an efficient solution for organising power and data cables in any workspace.

Featuring a three-compartment extrusion, it is available in both PVC and aluminium options to suit different needs.

This module is designed to keep cables tidy, secure, and easily accessible, enhancing overall workspace organisation.

The Service Panel requires rear support posts for installation, providing a stable and reliable structure for cable management, making it an ideal choice for both industrial and office environments.

Specifications
