- ◆ Requires rear support posts for secure mounting
- ◆ Enhances workspace organisation and cable management
- ◆ Suitable for industrial and office environments
- ◆ Featuring a three-compartment extrusion, it is available in both PVC and aluminium options to meet various workspace requirements

About the Service Panel (rear post fixing) - 2000mm

The Service Panel Module (2000mm) is a robust solution designed to manage power and data cables efficiently.

Featuring a three-compartment extrusion, it is available in both PVC and aluminium options to meet various workspace requirements. This versatile module is perfect for organising and concealing cables, enhancing workspace safety and tidiness.

The Service Panel requires rear support posts for mounting, ensuring secure installation and offering a streamlined solution for cable management in any industrial or office environment.
