

Service Panel (rear support post fixing) - 1000mm

SKU: GB-SP-10

Features & Benefits

- ◆ Available in durable PVC and aluminium materials
- ◆ Designed to manage power and data cables securely
- ◆ Requires rear support posts for stable mounting
- ◆ Enhances workspace organisation and cable safety
- ◆ Ideal for industrial, office, and commercial environments
- ◆ Featuring a three-compartment extrusion, this module is available in both PVC and aluminium, providing flexibility to meet various installation requirements

About the Service Panel (rear support post fixing) - 1000mm

The Service Panel Module (1000mm) offers an excellent solution for organising power and data cables in any workspace. Featuring a three-compartment extrusion, this module is available in both PVC and aluminium, providing flexibility to meet various installation requirements.

It helps maintain a clean and efficient workspace by securing and organising cables effectively.

The Service Panel requires rear support posts for mounting, ensuring a stable and reliable installation in industrial, office, or commercial settings.
