

Small Oval Head ESD Flush Cutter

SKU: G-HT-C10

Features & Benefits

- ◆ **ESD Safe:** Protects electronic components from electrostatic discharge.
- ◆ **Small Oval Head:** Offers precision cutting for detailed tasks.
- ◆ **Flush Cutter:** Provides smooth, flush cuts for a clean finish.
- ◆ **Laser Cut Design:** Ensures high accuracy and durability.
- ◆ **Cutting Edge Hardness (62 HRC):** Guarantees a sharp, long-lasting edge.
- ◆ **C70 Hardened Steel:** Strong and durable material for reliable performance.
- ◆ **Bi-Component Handles:** Comfortable, supersoft grips for ease of use.
- ◆ Featuring a small oval head and supersoft bi-component handle grips, this cutter ensures easy handling and accurate cuts

About the Small Oval Head ESD Flush Cutter

The Small Oval Head ESD Flush Cutter combines precision and comfort for professionals working in ESD-sensitive environments.

Featuring a small oval head and supersoft bi-component handle grips, this cutter ensures easy handling and accurate cuts. With a 1.2mm cutting capacity for copper wire, it delivers smooth, flush cuts ideal for electronics and fine assembly work. ESD safe, it protects delicate components from electrostatic discharge, making it a reliable tool for sensitive applications.

Specifications

Property	Detail
Cutting Capacity	1.2mm
