

# Small Pointed Head ESD Flush Cutter

SKU: G-HT-C15

## Features & Benefits

- ◆ **ESD Safe:** Prevents damage to sensitive electronic components from electrostatic discharge.
- ◆ **Small Pointed Head:** Ideal for precision cutting in tight spaces and intricate tasks.
- ◆ **Flush Cutter:** Ensures clean, flush cuts for a smooth finish.
- ◆ **Laser Cut Design:** Guarantees precise and accurate cuts every time.
- ◆ **Cutting Edge Hardness (62 HRC):** Delivers a sharp and long-lasting cutting edge.
- ◆ **C70 Hardened Steel:** Durable material that ensures reliability and strength.
- ◆ **Bi-Component Handles:** Ergonomically designed with supersoft grips for maximum comfort.

## About the Small Pointed Head ESD Flush Cutter

The Small Pointed Head ESD Flush Cutter is a highly precise tool designed for use in ESD-sensitive environments.

Featuring a small pointed head and supersoft bi-component handle grips, it ensures comfort and control during delicate cutting tasks. With a 1.0mm cutting capacity for copper wire, it offers clean, flush cuts that are ideal for electronics and fine assembly work. ESD safe, this cutter protects sensitive components from electrostatic discharge, making it a perfect choice for professionals in the electronics industry.

## Specifications

Property	Detail
Cutting Capacity	1.0mm
Tool Length	100mm
Application	ESD-protected areas, electronics mfg, cleanrooms
