

Small Pointed Head ESD Semi Flush Cutter

SKU: G-HT-C16

Features & Benefits

- ◆ **ESD Safe:** Safeguards sensitive electronic components from electrostatic discharge.
- ◆ **Small Pointed Head:** Enables precision cutting in tight spaces.
- ◆ **Semi Flush Cutter:** Provides clean, flush cuts for a professional finish.
- ◆ **Laser Cut Design:** Ensures high precision and durability.
- ◆ **Cutting Edge Hardness (62 HRC):** Offers a sharp, long-lasting cutting edge.
- ◆ **C70 Hardened Steel:** Durable material for strength and longevity.
- ◆ **Bi-Component Handles:** Ergonomic, supersoft grips for enhanced comfort and control.
- ◆ Featuring a pointed head and supersoft bi-component handle grips, this cutter offers maximum control and comfort during detailed cutting tasks

About the Small Pointed Head ESD Semi Flush Cutter

The Small Pointed Head ESD Semi Flush Cutter is designed for precision and reliability in ESD-sensitive environments.

Featuring a pointed head and supersoft bi-component handle grips, this cutter offers maximum control and comfort during detailed cutting tasks.

With a 1.0mm cutting capacity for copper wire, it ensures clean and precise cuts, ideal for professional use in electronics and delicate assembly work.

ESD safe, it effectively protects sensitive components from electrostatic damage.

Specifications

| Property | Detail |
|------------------|--|
| Cutting Capacity | 1.0mm |
| Tool Length | 100mm |
| Application | ESD-protected areas, electronics mfg, cleanrooms |
