

# Small Tapered Head ESD Semi Flush Cutter

SKU: G-HT-C2

## Features & Benefits

- ◆ **ESD Safe:** Protects sensitive electronic components from electrostatic discharge.
- ◆ **Small Head:** Perfect for intricate, precision cutting.
- ◆ **Semi Flush Cutter:** Leaves a clean, flush cut for professional results.
- ◆ **Laser Cut Design:** Ensures precision and durability.
- ◆ **Cutting Edge Hardness (62 HRC):** Provides a long-lasting, sharp cutting edge.
- ◆ **C70 Hardened Steel:** High-quality material for strength and longevity.
- ◆ **Bi-Component Handles:** Comfortable, supersoft grips for ease of use.

## About the Small Tapered Head ESD Semi Flush Cutter

The Small Tapered Head ESD Semi Flush Cutter is an essential tool for precision cutting in ESD-sensitive environments.

Designed with a small, tapered head and supersoft bi-component handle grips, this cutter ensures comfort and control while working with delicate materials.

It is ESD safe, preventing any potential damage to sensitive electronic components. With a 1.2mm cutting capacity for copper wire, this semi-flush cutter provides clean cuts, making it ideal for professionals in electronics, repair, and assembly.

## Specifications

Property	Detail
Cutting Capacity	1.2mm
Tool Length	100mm
