

# Solder conveyor finger 08

SKU: 580-308NM

## Features & Benefits

- ◆ Designed for use with Seho Wave Solder Carriers
- ◆ Ensures smooth transport of PCBs during wave soldering
- ◆ Enhances precision and consistency in soldering applications
- ◆ Ideal for high-quality wave soldering production lines

## About the Solder conveyor finger 08

**This Solder Conveyor Finger 08 is specifically designed for use with Seho Wave Solder Carriers, ensuring optimal performance in wave soldering processes.**

It plays a critical role in the smooth transport of PCBs through the soldering process, allowing for precise and consistent results.

While no additional technical details are available, this conveyor finger is essential for maintaining effective operation of the Seho Wave Solder Carriers / ATF.

## Specifications

Property	Detail
Application	ESD-protected areas, electronics mfg, cleanrooms
