

# Soldering Stand TSS21A

SKU: GQ-TSS21A

## Features & Benefits

- ◆ **ESD Safe:** Designed to protect sensitive electronic components from electrostatic discharge, making it perfect for use in professional environments.
- ◆ **Sturdy and Reliable:** Keeps your soldering pencil safely in place when not in use, reducing the risk of damage.
- ◆ **Compatible with TSS30B Soldering Pencil:** Seamlessly integrates with the TSS30B for a complete soldering setup.
- ◆ **Efficient and Practical:** Provides a convenient, safe resting place for your pencil while ensuring that you can easily access it when needed.

## About the Soldering Stand TSS21A

The Quick TSS21A Soldering Stand is specifically designed to complement the TSS30B Soldering Pencil, offering a sturdy, safe, and efficient place to rest your soldering pencil during use.

This stand is ideal for professionals who require reliable support for their soldering work while ensuring that the system remains ESD-safe. With its robust design, the TSS21A ensures that the soldering pencil is securely held, preventing accidental damage and maintaining the integrity of the equipment.
