

Soldering Stand TSS21D

SKU: GQ-TSS21D

Features & Benefits

- ◆ **ESD Safe:** Protects against electrostatic discharge, ensuring safe handling of sensitive electronics.
- ◆ **Sturdy and Stable:** Keeps your TSS31B Soldering Pencil securely in place, preventing accidental damage and ensuring easy access.
- ◆ **Designed for TSS31B:** Perfectly compatible with the TSS31B Soldering Pencil, offering a reliable storage solution.
- ◆ **Durable and Reliable:** Built to withstand daily soldering tasks, ensuring long-lasting performance.

About the Soldering Stand TSS21D

The Quick TSS21D Soldering Stand is specifically designed to provide a stable and secure resting place for the TSS31B Soldering Pencil.

This high-quality stand ensures your soldering pencil is safely stored when not in use, reducing the risk of accidental damage. ESD-safe, the TSS21D is ideal for environments where sensitive electronic components need protection from electrostatic discharge. With its sturdy construction, this stand is built to handle the everyday demands of professional soldering tasks while maintaining consistent quality.
