

Spare Silicone Tubes for the De-solder Gun

SKU: 201-881

Features & Benefits

- ◆ **Pack of 2 spare silicone tubes:** Includes two high-quality silicone tubes for De-Solder Gun use.
- ◆ **Customisable length:** Simply cut the tube to your desired length for a perfect fit.
- ◆ **Heat resistance:** Can withstand temperatures up to 350°C for safe and reliable performance.
- ◆ **Inner diameter:** 2mm, ideal for precise solder removal.
- ◆ **Outer diameter:** 4mm, providing an optimal fit for the De-Solder Gun.
- ◆ **Easy replacement:** Convenient and simple to install for continuous use.

About the Spare Silicone Tubes for the De-solder Gun

These Spare Silicone Tubes are designed for use with the De-Solder Gun, offering a reliable and easy-to-replace solution for your solder removal needs.

Each pack contains two silicone tubes, which can be easily cut to the desired length for a perfect fit.

The tubes are heat-resistant up to 350°C, ensuring long-lasting durability during soldering tasks. With an inner diameter of 2mm and an outer diameter of 4mm, these tubes provide efficient suction for effective de-soldering.
