- ◆ **Custom colours available at an additional cost—please specify at checkout**

## About the Standard Cupboard Drawer

**Our complete drawer and cupboard range is ergonomically designed to enhance workstation organisation and improve storage efficiency.**

The stainless steel handle is asymmetrically fitted for easy use, with the lock positioned for operator convenience.

Each drawer can hold up to 50kg, thanks to divisible A.B.S. or steel inners that provide robust storage options. The double runner ball bearing slides are fully enclosed, ensuring smooth operation and safety during use.

The smart storage solution is ideal for use with our workstations, providing secure, efficient, and accessible storage.

**Size (WxHxD): 440mm x 525mm x 540mm.**

Available in a **range of vibrant colours**, including RAL6029 Green, RAL5015 Blue, RAL3020 Red, and BS|8B25 Grey, our drawers and cupboards offer both aesthetic appeal and functionality.

**Drawer units are available in custom colours at an additional cost—please specify your desired colour/code at checkout.**
