- ◆ Leaves no film or streaks after cleaning
- ◆ Non-abrasive and safe to use on virtually any surface
- ◆ No alkali or ammonia for gentle cleaning
- ◆ Restores surfaces to their original performance levels
- ◆ Perfect for maintaining clean surfaces in static-sensitive environments

## About the Staticide Mat & Table Top Cleaner 0.95L

The Mat and Table Top Cleaner is a highly effective, non-flammable cleaner designed to safely remove layers of dust, dirt, and contaminants from anti-static mats and tabletops without damaging the base materials or compromising their properties.

Ideal for use in static-sensitive environments, this cleaner effortlessly tackles flux residues, oily finger marks, grease, nicotine, and general dirt and grime. It leaves no film or streaks, ensuring a spotless and clean surface every time.

Formulated with no alkali or ammonia, the cleaner is safe for virtually any surface and helps restore the surface to its original performance levels.

As a non-abrasive solution, it ensures gentle cleaning without wear and tear on delicate materials.
