- ◆ Durable, rust-resistant, and non-magnetic for safe handling of sensitive components
- ◆ Ergonomically designed for comfortable, precise handling during extended use

About the TWEEZER SET 7-SA, 2-SA, 3-SA, 2A-SA

This 4-piece Tweezers Set includes high-quality, stainless steel, non-magnetic tweezers designed for a wide variety of tasks across different industries.

The set provides a selection of tweezers with different tip styles, ensuring versatility for precision work. Made from durable stainless steel, these tweezers are ideal for handling delicate components without the risk of magnetisation or rusting. With a combination of curved, tapered, fine, and flat-edged tips, this set is perfect for applications in electronics, assembly work, or jewellery making. Each tweezer is ergonomically designed for comfort and precision.
