

Tapered Medium Head ESD Flush Cutter

SKU: G-HT-C5

Features & Benefits

- ◆ **ESD Safe:** Protects sensitive electronic components from electrostatic discharge.
- ◆ **Medium Tapered Head:** Ideal for precision cutting in medium-sized spaces.
- ◆ **Flush Cutter:** Provides clean, flush cuts for a professional finish.
- ◆ **Laser Cut Design:** Ensures precise cuts and enhanced durability.
- ◆ **Cutting Edge Hardness (62 HRC):** Long-lasting sharpness for consistent performance.
- ◆ **C70 Hardened Steel:** High-quality steel that guarantees reliability and strength.
- ◆ **Bi-Component Handles:** Supersoft ergonomic grips for maximum comfort during extended use.

About the Tapered Medium Head ESD Flush Cutter

The Tapered Medium Head ESD Flush Cutter is engineered for precision and comfort in ESD-sensitive environments.

With a tapered medium head and supersoft bi-component handle grips, this cutter ensures control and accuracy during delicate cutting tasks.

Designed with a 1.5mm cutting capacity for copper wire, it offers clean and flush cuts, ideal for fine electronics and assembly work.

The cutter features durable C70 hardened steel, laser cut design, and a cutting edge hardness of 62 HRC for long-lasting performance, while also being ESD safe to protect sensitive components.

Specifications

Property	Detail
Cutting Capacity	1.5mm
Tool Length	115mm
Application	ESD-protected areas, electronics mfg, cleanrooms
