- ◆ Compatible with refills (Part No: 301-556)

About the Tip Cleaner Complete Set

The Tip Cleaner Complete Set is the perfect all-in-one solution for keeping your soldering iron tips clean and in top condition. Featuring a sturdy soldering iron stand with an anti-slip pad for added stability, the set includes a high-quality tip cleaner made from low abrasive brass shavings.

This innovative cleaner outperforms conventional sponges by ensuring no temperature drop while cleaning, providing a more efficient and reliable performance.

For convenient refills, see Part No: 301-556.
