

Tip Retainer

SKU: GW-WEP70-B

Features & Benefits

- ◆ Compatible with WEP70 soldering iron
- ◆ Securely holds soldering tips in place during use
- ◆ Enhances accuracy and safety in soldering tasks
- ◆ Easy to install and replace
- ◆ Durable and long-lasting for professional and hobbyist use

About the Tip Retainer

The Weller Tip Retainer for the WEP70 soldering iron is an essential accessory designed to securely hold your soldering tip in place during use.

This high-quality tip retainer ensures a firm connection between the WEP70 soldering iron and its compatible tips, providing a stable and reliable performance.

Ideal for both professional and hobbyist soldering applications, the Weller Tip Retainer helps prevent tip slippage, improving overall soldering accuracy and safety.

It is a direct replacement part, easy to install, and built to last, ensuring that your WEP70 soldering iron continues to perform at its best.
