- ◆ Heavy-duty plastic body with soft grip handle for comfort and control
- ◆ Push-button blade positioning with locking system for safety
- ◆ Integrated blade snapper for safe segment removal
- ◆ Supplied with 4 blades stored in the handle for convenience
- ◆ Ideal for precise trimming and cutting tasks

About the Trimming Knife

This Trimming Knife features a heavy-duty plastic body and a soft grip handle, providing comfort and control during use.

The push-button blade positioning with a locking system ensures safety and precise blade control. An integrated blade snapper allows for easy and safe removal of blade segments.

Supplied with 4 blades stored conveniently in the handle, this knife is perfect for a variety of trimming tasks.
