About the USTICA S2 ESD Safety Shoe

Ustica ESD Safety Shoe – High-Quality Italian-Made Footwear for Comfort and Protection

The Ustica ESD Safety Shoe is Italian-made, offering superior comfort, reliable ESD protection, and durability at an excellent value. Designed in a unisex fit, this lightweight shoe is ideal for those working in electrostatic-sensitive environments, such as electronics, cleanrooms, and laboratories. Certified to CE UNI EN ISO 20345:2012 S1P SRC ESD, the Ustica shoe provides both safety and comfort, making it an excellent choice for professionals requiring long-lasting antistatic footwear.

Featuring a MICROWASH fabric upper (1.8-2.0 mm thickness), the Ustica shoe is abrasion-resistant and highly breathable, ensuring your feet stay cool and dry. With a 200J polymeric composite toecap, this metal-free shoe offers impact protection while keeping the overall weight light. The 3HYBRID polyurethane sole delivers shock absorption, anti-slip performance, and resistance to hydrolysis and hydrocarbons, making it suitable for a variety of challenging environments. Plus, the ANTI-TORSION insert ensures enhanced stability on uneven surfaces.

Specifications

Property	Detail
