

V200/250 50mm ESD Stay Put Arm C/W FUNNEL

SKU: 503-471

Features & Benefits

- ◆ 790mm arm length for flexible and secure fume extraction
- ◆ 100mm funnel diameter for efficient tip/volume extraction
- ◆ ESD-safe design, perfect for use in sensitive environments
- ◆ Compatible with BOFA V200 and V250 50mm duct fume extractors
- ◆ Ideal for capturing fumes in tip and volume extraction applications

About the V200/250 50mm ESD Stay Put Arm C/W FUNNEL

The BOFA V200/250 50mm ESD Stay Put Arm with Funnel is designed for effective tip/volume extraction in ESD-sensitive environments.

This high-quality arm provides a secure and flexible solution for capturing fumes, with a 790mm arm length and a 100mm funnel diameter, ensuring precise and efficient extraction.

Compatible with the BOFA V200 and V250 50mm duct fume extractors, it is ideal for single-user applications in industries requiring ESD control.
