

V200/250 50mm ESD Stay Put Arm C/W SLOT

SKU: 503-463

Features & Benefits

- ◆ 790mm arm length for flexible and secure positioning
- ◆ 100mm funnel diameter for effective tip/volume extraction
- ◆ ESD-safe construction, ideal for sensitive environments
- ◆ Compatible with BOFA V200 and V250 50mm duct fume extractors
- ◆ Perfect for capturing fumes in tip and volume extraction applications

About the V200/250 50mm ESD Stay Put Arm C/W SLOT

The BOFA ESD 50mm Stay Put Arm with Slot is designed for precise tip/volume extraction, ensuring efficient fume removal in ESD-sensitive environments.

With a 790mm arm length and a 100mm funnel diameter, this arm provides flexible positioning and optimal airflow for fume extraction. Ideal for use with the BOFA V200 and V250 50mm duct fume extractors, it is perfect for applications that require reliable, high-performance fume capture.
