- ◆ Neatly positions pipework under workbenches, secured with wall clips
- ◆ Compatible with either a side bench clamped plate or a 50mm flip-cover inlet valve
- ◆ Ideal for industrial fume extraction systems

About the V600 Hose Kit - For 75mm Arms

The BOFA V600 Hose Kit for 75mm Arms is a comprehensive solution designed for use with the BOFA V600 extraction unit, perfect for environments requiring 75mm Stay Put arms.

This kit includes a 75mm 'T' piece and two 75mm x 2.5m flexible hoses, providing secure connections to the V600 rear ports.

Ideal for connecting each bench to 75mm arms or accessories, it allows for a maximum of **two arm positions**.

With the ability to position pipework neatly under workbenches and secure it with wall clips, this hose kit ensures both efficiency and tidiness in your fume extraction setup.

(If using instead the 50mm hose kit then a maximum of 5 arm positions - see 50mm kit A1020376).
