

Vacuum Loader

SKU: 601-635

Features & Benefits

- ◆ **Touch Screen Controller:** Simple, user-friendly operation
- ◆ **Panasonic PLC Control System:** Accurate and reliable control
- ◆ **Fully Enclosed Structure:** Ensures safe operation
- ◆ **Adjustable Suction Nozzle Position:** Precise PCB clamping
- ◆ **Parallel and Smooth Width Adjustment:** Easily adjust PCB width
- ◆ **Smooth and Precise Translation:** Stepper motor for accurate movement
- ◆ **SMEMA Cable:** Seamless integration with compatible systems

About the Vacuum Loader

The Vacuum Loader offers efficient and safe PCB handling for automated production lines, equipped with a Touch Screen Controller for easy operation.

Featuring a Panasonic PLC control system, it ensures precise control and stable performance.

The vacuum loader's fully enclosed structure guarantees a safe operation environment, while its adjustable suction nozzle and smooth width adjustment system optimise PCB handling.

With a precise stepper motor for smooth translation, it is perfect for handling a wide range of PCB sizes, from 50 x 50mm to 530 x 460mm.

Specifications

Property	Detail
Dimensions	800 x 1270 x 1200mm (LxWxH)
Application	ESD-protected areas, electronics mfg, cleanrooms
