

Vision Mantis Elite Cam HD and accessories

SKU: 507 | Sizes: Elite Cam HD Head (MHD001), Universal Stand (MES005), Articulated Arm Stand (MEF001), LEFT LED Array (MELED001B), RIGHT LED Array (MELED002B), X2 Lens (MEO002), X4 Lens (MEO004), X6 Lens (MEO006), X8 Lens (MEO008), X10 Lens (MEO010), X15 Lens (MEO015), X20 Lens (MEO020)

Features & Benefits

- ◆ Integrated 2.0 MP USB2 camera for HD image capture and video recording
- ◆ Magnification options from 2x to 20x with quick-change turret for flexibility
- ◆ Ergonomic, eyepiece-less design for fatigue-free viewing
- ◆ Ideal for inspection, manipulation, re-work, repair, and dissection tasks
- ◆ Long working distance and wide field of view for easy operation
- ◆ True colour, LED illumination for up to 10,000 hours of shadow-free viewing
- ◆ Seamless software integration for image mark-up and camera control
- ◆ Multiple stand options, including a low-profile bench stand with substage illumination
- ◆ Superior hand-eye coordination for precise inspection and manipulation tasks
- ◆ Ideal for a wide range of applications in industries like electronics, medical, and research
- ◆ Featuring patented eyepiece-less technology, the Mantis Elite Cam HD provides superior ergonomics, allowing operators to work for long periods without fatigue

About the Vision Mantis Elite Cam HD and accessories

The Vision Mantis Elite Cam HD is an advanced 3D stereo inspection microscope with the added benefit of integrated HD image capture, making it an ideal solution for low magnification inspection, manipulation, and documentation tasks.

Featuring patented eyepiece-less technology, the Mantis Elite Cam HD provides superior ergonomics, allowing operators to work for long periods without fatigue.

The microscope's seamless HD camera integration offers high-quality image and video capture for documentation, training, and analysis. With magnifications up to 20x, this versatile system is perfect for precision tasks across various industries, combining exceptional visual performance with modern digital capabilities.
