

Vision Mantis IOTA and Accessories

SKU: GV-M | Sizes: IOTA Head MIH001, Verso Arm MTB200A, Verso Forearm Extension MTB201A, Stabila Column MTB210, Stabila Illuminated Base - With Substage MTB212, X3 Lens MTO103, X4 Lens MTO104, X6 Lens MTO106, X8 Lens MTO108, Stabila Plain Base - No Substage MTB211, Pilot Stage MTB220 - ONLY WORKS WITH STABILA BASE

Features & Benefits

- ◆ Compact, eyepiece-less design for a clear, wide field of view
- ◆ Dynamic perspective optics for enhanced 3D perception
- ◆ Interchangeable lenses to suit different tasks
- ◆ Long working distance for comfortable tool use
- ◆ Synchronised LED lighting for consistent illumination
- ◆ Ergonomically designed for extended use
- ◆ Quick magnification changes (3x - 8x)
- ◆ Lightweight and compact (271 x 196 x 324 mm, 3.2 kg)
- ◆ High performance and precision imaging

About the Vision Mantis IOTA and Accessories

The Mantis IOTA Stereo Microscope Head brings next-generation eyepiece-less technology to professionals seeking high-quality imaging in a compact, ergonomic design.

With dynamic perspective optics and interchangeable lenses, the IOTA offers flexibility for a variety of applications.

Its long working distance and synchronised LED lighting ensure excellent visibility and precision for tasks requiring fine detail.

Ideal for industries like electronics, manufacturing, and research, the Mantis IOTA combines portability with high performance for optimal user comfort.
