

Weller ALFA Funnel Jet

SKU: GW-S-ALFA

Features & Benefits

- ◆ **Optimised Fume Capture:** Funnel jet design directs fumes efficiently for effective extraction
- ◆ **Easy Attachment:** Easily connects to the Easy-Click 60 Extraction Arm for seamless use
- ◆ **ESD Safe:** Protects against static build-up, ideal for sensitive electronics
- ◆ **Durable Construction:** Built to withstand demanding environments while ensuring long-lasting performance
- ◆ **Ideal for Soldering:** Perfect for creating a cleaner, safer workspace during soldering and similar tasks

About the Weller ALFA Funnel Jet

The Weller ALFA Funnel Jet is an efficient and versatile funnel nozzle designed for use with the Easy-Click 60 Extraction Arm. This nozzle directs fumes effectively, ensuring optimal fume capture during soldering and other tasks that generate smoke. ESD safe, it prevents static discharge, making it ideal for sensitive electronic work environments. Its easy attachment to the Easy-Click 60 Extraction Arm ensures a secure and reliable setup, improving both air quality and safety in your workspace.
