- ◆ Compatible with RTMS, RTUS, and RTPS tip series
- ◆ Organises tips for easy visibility and access
- ◆ Keeps soldering tips safely stored and in order for efficient work
- ◆ Ideal for maintaining a clean and organised workbench

About the Weller Cartridge Tip holder

The Weller WCTH Cartridge Tip Holder offers a practical solution for keeping your Weller Active RT soldering tips organised and easily accessible.

Designed to hold up to 16 tips, this storage unit ensures your workbench stays tidy while providing full visibility of all tip styles and sizes. Fully ESD safe, the WCTH is compatible with all Weller Active RT soldering tips, including RTMS, RTUS, and RTPS series. It safely stores tips in a consistent order, allowing for efficient and safe handling of hot soldering tips during work.
