- ◆ **Easy-Click Compatibility:** Designed for seamless connection with the Easy-Click 60 system
- ◆ **Durable Build:** Made to withstand regular use in professional environments

About the Weller Easy-Click 60 Suction Hose

The Easy-Click 60 Suction Hose is a flexible and reliable solution for fume extraction, designed to work seamlessly with the Easy-Click 60 extraction system.

Available in 1, 2, 3, and 5-metre lengths, this Ø 60 mm hose offers versatile options for different workspace setups. ESD safe, it provides protection against static build-up, making it ideal for sensitive electronic environments. Whether you're looking to extend your extraction reach or replace an existing hose, this durable and efficient suction hose is a must-have accessory for a safer work environment.
