

Weller Easy Click 60 Extraction Arm Ø 60.0 mm

SKU: GW-S-102 | Sizes: 0.5m, 0.7m, 1m, 1.5m, 2m

Features & Benefits

- ◆ **Flexible Length Options:** Available in 0.5m, 0.7m, 1m, 1.5m, and 2m lengths to suit different workspace needs
- ◆ **Optimal Fume Capture:** Compatible with sloped and funnel nozzles for effective fume extraction
- ◆ **ESD Safe:** Prevents static build-up, ideal for sensitive electronics workstations
- ◆ **Easy-Click 60 Compatibility:** Easy integration with the Easy-Click 60 fume extraction system
- ◆ **Durable and Reliable:** Built to withstand the rigours of professional environments
- ◆ **Efficient Smoke Removal:** Helps maintain a cleaner, safer workspace during soldering and other fume-producing tasks

About the Weller Easy Click 60 Extraction Arm Ø 60.0 mm

The Weller Easy Click 60 Extraction Arm is a flexible and versatile solution for fume extraction, designed to work with sloped and funnel nozzles.

Available in lengths from 0.5m to 2m, this Ø 60mm arm allows for precise positioning to effectively capture and remove fumes in a range of work environments.

ESD safe, it ensures static protection, making it ideal for sensitive electronic applications. The arm comes with connectors for easy integration into your existing Easy-Click 60 system, providing a reliable and efficient fume management solution.
