

Weller Easy Click 60 Kit 1 WF32

SKU: GW-WF-EC

Features & Benefits

- ◆ **Easy-Click 60 Compatibility:** Seamless integration with the Easy-Click 60 extraction system
- ◆ **Sloped Nozzle:** Efficiently directs fumes for targeted extraction
- ◆ **Stop Valve Included:** Provides control over fume extraction flow
- ◆ **Ideal for Small Workstations:** Perfect for tight or compact soldering and electronic work environments
- ◆ **Efficient Fume Capture:** Helps maintain a cleaner, safer workspace by capturing hazardous fumes during soldering tasks

About the Weller Easy Click 60 Kit 1 WF32

The Weller Easy Click 60 Kit 1 WF32 is a compact and efficient fume extraction solution, designed for applications where space is limited.

The kit includes a 1m long, Ø 32mm extraction arm with a sloped nozzle and a stop valve, all compatible with the Easy-Click 60 system. This setup provides precise fume capture in tighter workspaces, ensuring effective smoke removal while maintaining a clean and safe environment. Ideal for smaller workstations, this kit is perfect for soldering and similar tasks requiring efficient fume extraction.
