

Weller Erem 1SASL TWEEZERS

SKU: E-1SA-SL

Features & Benefits

- ◆ Pointed tips for precision handling of small components or wires
- ◆ Ideal for microelectronics, jewellery making, watchmaking, medicine, and laboratory work
- ◆ **Made from special stainless steel:** non-magnetic, non-rusting, acid-proof, and heat-resistant
- ◆ Durable construction for long-lasting performance in delicate applications

About the Weller Erem 1SASL TWEEZERS

The Erem 1SASL Tweezers are designed for precision work, featuring pointed tips ideal for delicate standard applications and handling small components or wires.

These tweezers are perfect for use in microelectronics, jewellery making, watchmaking, medicine, and laboratory technology.

Made from special stainless steel, they are non-magnetic, non-rusting, acid-proof, and heat-resistant, making them highly durable and reliable for sensitive tasks. With a length of 120mm and weighing just 14g, they provide comfort and control for meticulous work.

Specifications

Property	Detail
Length	120mm (4.724 inches)
