SKU: E-2ASA-SL

Features & Benefits

- ◆ Economy model, offering great value without compromising performance
- ◆ Suitable for standard gripping applications and assembly on printed circuit boards
- ◆ Tip width of 2mm (0.078 inches) for precision handling
- ◆ **Made from special stainless steel:** non-magnetic, non-rusting, acid-proof, and heat-resistant
- ◆ Ideal for use in goldsmithing, jewellery making, and technical assembly

About the Weller Erem 2ASASL TWEEZERS

The Erem 2ASASL Tweezers are an economy version of the 2ASA model, designed for all standard gripping applications and assembly tasks, particularly in industries like goldsmithing, jewellery making, and work on printed circuit boards.

With a tip width of 2mm (0.078 inches), these tweezers provide reliable precision for various assembly and handling tasks.

Made from special stainless steel, they are non-magnetic, non-rusting, acid-proof, and heat-resistant, ensuring durability and resistance to wear. The 115mm length offers optimal control and comfort for extended use.
