- ◆ The Erem 543E Round Nose Pliers are designed for high precision, featuring very smooth jaws ideal for forming, bending, laying, and feeding wires

About the Weller Erem 543E Round Nose Pliers ESD

The Erem 543E Round Nose Pliers are designed for high precision, featuring very smooth jaws ideal for forming, bending, laying, and feeding wires.

The smooth, round tips ensure that wires are handled delicately, making these pliers perfect for fine, detailed tasks in electronics and jewellery making. With ESD-safe interchangeable foam-cushion handles, these pliers protect sensitive components from static discharge. The patented Erem Magic Spring provides consistent spring force, while the high precision screw joint guarantees smooth, play-free jaw action.

Crafted from special tool steel, these Swiss-made pliers are durable and built to last.

Round nose pliers with very precise, smooth jaws. Suitable for forming, bending, laying and feeding wires
