

Weller Erem 552E High Precision Front Stripping Pliers ESD

SKU: E-552E

Features & Benefits

- ◆ ESD-safe, interchangeable foam-cushion handles for comfort and protection
- ◆ Precision stripping of fine wires, including Teflon, Tefzel, and optical fibres
- ◆ Jaw length of 23mm and tips width of 6.5mm for accuracy
- ◆ Special tool steel construction for durability and Swiss-made quality
- ◆ High precision screw joint for smooth, play-free jaw action
- ◆ Patented Erem Magic Spring for consistent spring force and over 1 million operations

About the Weller Erem 552E High Precision Front Stripping Pliers ESD

The Erem 552E High Precision Front Stripping Pliers are engineered for the damage-free stripping of fine wires, offering unparalleled precision.

These pliers are suitable for all types of insulation, including Teflon, Tefzel, and optical fibres, ensuring clean and effective wire stripping.

The ESD-safe, interchangeable foam-cushion handles offer comfort and protect sensitive components from static discharge.

With an internal patented Erem Magic Spring, these pliers provide consistent spring force, ensuring over 1 million operations.

The high-precision screw joint guarantees smooth jaw action with no play, providing a smooth cutting operation.

Specifications

Property	Detail
Wire diameter range	0.06mm
Total length	120mm
Depth of interchangeable blade	1mm
Total height of both tips	11mm
Length of cutting blade	9mm
Application	ESD-protected areas, electronics mfg, cleanrooms
