

Weller Erem 7SASL TWEEZERS

SKU: E-7SA-SL

Features & Benefits

- ◆ Curved, relieved shape with pointed tips for precision handling in confined spaces
- ◆ Ideal for microelectronics, biology, medicine, and laboratory work
- ◆ **Made from special stainless steel:** non-magnetic, non-rusting, acid-proof, and heat-resistant
- ◆ Facilitates access to tight spaces with ease for detailed applications
- ◆ The Erem 7SASL Tweezers are precision tools featuring a curved, relieved shape with pointed tips, designed for excellent handling in confined spaces

About the Weller Erem 7SASL TWEEZERS

The Erem 7SASL Tweezers are precision tools featuring a curved, relieved shape with pointed tips, designed for excellent handling in confined spaces.

Ideal for applications in microelectronics, biology, medicine, and laboratory technology, these tweezers provide optimal access to intricate areas.

Their bent shape makes them perfect for working in tight or hard-to-reach spots. Made from special stainless steel, they are non-magnetic, non-rusting, acid-proof, and heat-resistant, ensuring long-lasting durability. With a length of 120mm and weighing just 15g, they offer a comfortable and precise grip for delicate tasks.

Specifications

Property	Detail
Length	120mm (4.724 inches)
Weight	15g (0.53 oz)
Application	ESD-protected areas, electronics mfg, cleanrooms
