

Weller Erem E7SA Tweezers ESD

SKU: E-E7SA

Features & Benefits

- ◆ Curved, strong tips for precision work in confined spaces
- ◆ Thermally insulated, soft foam handles for ESD protection
- ◆ Ergonomic design to reduce hand fatigue and enhance comfort
- ◆ **Made from special stainless steel:** non-magnetic, non-rusting, acid-proof, and heat-resistant
- ◆ Ideal for detailed tasks in electronics, microelectronics, and other precision applications
- ◆ Featuring thermally insulated, soft foam handles that are ESD-safe, these tweezers provide excellent protection for sensitive electronic parts

About the Weller Erem E7SA Tweezers ESD

The Erem E7SA Tweezers ESD are precision tools designed with curved, strong tips, ideal for working in confined spaces or handling components in tight areas.

Featuring thermally insulated, soft foam handles that are ESD-safe, these tweezers provide excellent protection for sensitive electronic parts.

The ergonomic handles help reduce hand fatigue, ensuring comfortable use during extended tasks.

Made from special stainless steel, they are non-magnetic, non-rusting, acid-proof, and heat-resistant for long-lasting durability. With a length of 120mm and weighing 28g, these tweezers offer both strength and precision in a comfortable design.

Specifications

Property	Detail
Length	120mm (4.724 inches)
Weight	28g (0.99 oz)
Application	ESD-protected areas, electronics mfg, cleanrooms
