

Weller Erem EOOSA Tweezers ESD

SKU: E-EOOSA

Features & Benefits

- ◆ Straight, strong tips for secure handling in standard applications
- ◆ Very robust construction for demanding tasks
- ◆ Thermally insulated, soft foam handles for ESD protection
- ◆ Ergonomic design to reduce hand fatigue and provide comfort
- ◆ **Made from special stainless steel:** non-magnetic, non-rusting, acid-proof, and heat-resistant
- ◆ Ideal for precision work in electronics and other heavy-duty applications

About the Weller Erem EOOSA Tweezers ESD

The Erem EOOSA Tweezers ESD are ergonomic precision tools designed with straight, strong tips, making them perfect for standard applications that require a robust and reliable grip.

These tweezers are highly durable, ensuring long-lasting performance in demanding tasks. The thermally insulated, soft foam handles are ESD-safe, offering protection for sensitive electronic components.

The ergonomic design reduces hand fatigue, ensuring a comfortable working experience during extended use.

Made from special stainless steel, these tweezers are non-magnetic, non-rusting, acid-proof, and heat-resistant. With a length of 120mm and a weight of 30g, they offer both strength and precision.

Specifications

Property	Detail
Length	120mm (4.724 inches)
Weight	30g (1.05 oz)
Application	ESD-protected areas, electronics mfg, cleanrooms
