

Weller Erem Toolset 2400KMS MagicSense 3 Piece ESD

SKU: E-2400KMS

Features & Benefits

- ◆ **3-Piece ESD-Safe Tool Kit:** Comes in an ESD-safe plastic case, ensuring protection against electrostatic discharge.
- ◆ **Swiss-Made Quality:** Precision-engineered for reliable, long-lasting performance in professional applications.
- ◆ **MagicSense Moulded Handles:** Soft-touch ergonomic design for improved comfort and enhanced grip.
- ◆ **Induction-Hardened Cutting Edges (64-65 HRc):** High hardness for durable, sharp edges and extended tool life.
- ◆ **High-Grade Tool Steel:** Resharpenable and non-reflecting surface for precision and longevity.
- ◆ With MagicSense moulded handles for extra comfort and grip, these tools feature induction-hardened cutting edges (64-65 HRc) for exceptional durability

About the Weller Erem Toolset 2400KMS MagicSense 3 Piece ESD

The Erem Toolset 2400KMS MagicSense 3 Piece ESD is a premium tool kit designed for professionals working in electrostatic-sensitive environments.

Packed in an ESD-safe plastic case, it includes three high-quality Swiss-made tools: the 2412E Series 2400 MagicSense side cutter (semi-flush, oval head), the 2482E Series 2400 MagicSense tip cutter (flush, narrow head), and the 2411P Series 2400 MagicSense needle nose pliers.

With MagicSense moulded handles for extra comfort and grip, these tools feature induction-hardened cutting edges (64-65 HRc) for exceptional durability.

Crafted from high-grade tool steel, the tools are non-reflecting, resharpenable, and built to last.
