

Weller Extension Hose 60

SKU: GW-S-6036

Features & Benefits

- ◆ **Heavy-Duty Construction:** Built for high-performance and long-lasting use
- ◆ **Flexible & Customisable:** Sold by the metre, with a maximum length of 15m
- ◆ **ESD Safe:** Prevents static discharge, ideal for electronics and sensitive equipment
- ◆ **Versatile Compatibility:** Works with various fume extraction and soldering systems
- ◆ **Durable & Reliable:** Designed to withstand demanding environments

About the Weller Extension Hose 60

This heavy-duty Extension Hose is designed for maximum durability and performance in demanding work environments. Sold by the metre (with a maximum length of 15m), it is perfect for use with fume extraction systems, soldering irons, and other equipment requiring flexible hose connections. ESD safe, it ensures protection against static build-up, making it ideal for sensitive electronic workstations. Whether you're setting up a long reach for fume extraction or need reliable hose durability, this extension hose offers flexibility and safety.
